

Nutri-Complex Nutrient

Comprehensive yeast nutrition

This organic nutrient blend contains nitrogen, yeast cell walls, B vitamins and trace elements. It supports yeast growth, vitality and fermentation performance. One pack is sufficient for approximately 40–50 L.

Product specifications

Type	Complex organic yeast nutrient
Yield	Up to 40–50 L
Composition	Organic nitrogen, yeast cell walls, B vitamins and trace elements
Effect	Supports growth, vitality and fermentation performance
Product number	121032

How to use

01 Measure

Determine the amount according to the batch volume.

02 Mix

Disperse the nutrient in a small amount of the batch or in water.

03 Add

Stir the solution evenly into the fermenter.

04 Choose the right time

Add early in fermentation in accordance with the product instructions.

Storage and safe use

Store in a cool, dry place. Follow the current instructions, dosage and safety information on the packaging. Keep out of reach of children. Check the best-before date and batch number on the pack.
